## Gauge swatch

Knit a gauge swatch measuring 15 x 15 cm in stocking stitch with no 10 needles. Measure 10 x 10 cm on your gauge swatch: you should count 9 stitches and 12 rows. Use a thinner needle if your gauge swatch is wider and a thicker needle if your gauge swatch is narrower.

## Used stitches

- **Italian cast on:** if you are a beginner watch YouTube films for how to do the Italian cast on
- **1x1 Rib stitch:** Purl 1 stitch, knit 1 stitch, keep repeating. In the return row, knit the knit stitches and purl the purl stitches.
- **Stocking stitch:** Knit 1 row, purl 1 row

- **Casting on stitches:** Hold the needle with the working garment in your left hand, put the right needle between the first 2 stitches and knit 1 stitch. Slide this stitch loosely on the left needle. Put the right needle between the first 2 stitches again, knit 1 stitch and slide this loosely on the left needle. Continue until you have increased the desired number of stitches.
- **Adding stitches at the end of the row:** You take the working garment in your right hand and the working yarn in your left. Loop the working yarn around your finger. Put the knitting needle under both yarns and bring the knitting needle forward in the loop. Remove your finger from the loop and pull the yarn. Repeat this action until you have added the desired number of stitches.
- **Casting off shoulders together:** Place the front and back with the right sides together. Hold them in your left hand and take a 3<sup>rd</sup> needle. Knit the 1<sup>st</sup> stitch of the front and the 1<sup>st</sup> stitch of the back together with 1 knit stitch, knit the 2<sup>nd</sup> stitch in the same way. Pass the 1<sup>st</sup> stitch over the 2<sup>nd</sup> stitch. Repeat this action until you have cast off the desired number of stitches.
- **Slip stitch:** put the crochet hook in a stitch, put the yarn over the needle and pull it through the stitch and the loop on the crochet hook.
